

**Redmond Spinal Care  
Financial Policy**

1. All patients are seen on a cash basis regardless of insurance coverage.
2. This office may make payment plan arrangements on an individual basis. Any such plan or arrangement will be discussed during your second report of findings.
3. If you have insurance we will gladly provide you with the necessary paperwork and codes the insurance company will need to process your claim. We are not a mediator between you and your insurance company and will not enter into any dispute with them, as your contract is between you and your insurance company.
4. All patients (except Medicare) will send in their own claims to their respective insurance companies and will thus receive their payment directly.
5. Our office must submit Medicare claims directly. Patients are on a cash basis with our office as services are rendered and will receive a check directly from Medicare.
6. Any services not covered or coverage reductions by your insurance will be the patient's responsibility.
7. If the patient is referred to another specialist or discontinues care for any reason, the bill is due and payable in full immediately.
8. If you have any questions concerning this or any other matter, please speak with the office manager prior to seeing the doctor.

It is understood this care is a highly specialized, unique and effective method of care. It is also understood that 70% of the doctor's knowledge, expertise, time and technical equipment will be utilized in the first three weeks of the patient's care: 20% in the second phase, and 10% in the final phases of care.

**Fees:** There is no charge for a consultation with Drs. Bagnaro. The exam to determine if you are a candidate for this type of care is just \$50. At that point you will have a choice to proceed with care. The fees are as follows.

|                      |                        | <b>Prices for dependent children of established patients</b> |
|----------------------|------------------------|--------------------------------------------------------------|
| Initial Examination: | \$50 (as stated above) | Initial Exam: \$25                                           |
| Report of Findings:  | \$140                  | Report of Findings: \$70                                     |
| Pre & Post X-rays    | \$210                  | Pre & Post X-rays: \$105                                     |
|                      | -----                  | -----                                                        |
| Total:               | \$400                  | \$200                                                        |

Office visits after today are typically \$65.

**I have read and understand the Financial Office Policy and agree to abide by these terms.**

**\* ATTENTION - The 2<sup>nd</sup> appointment in our office is an hour and a half long and we do reserve that entire time for the patient. Because of this patients must give us 48 hours advance notice if canceling this appointment, otherwise there will be a missed appointment fee of \$100. This is the ONLY appointment that we charge a missed appointment fee for.**
